### PRODUCT DESCRIPTION

**Hi-Tec Fast 2 High Performance 2 Stroke** is designed to be used in high performance top tier two stroke motor cycle engines and power tools. It is formulated from a high quality mineral base stock with detergent additives to create a modern low ash lubricant.

**Hi-Tec Fast 2 High Performance 2 Stroke** has consistently given excellent engine cleanliness and freedom from ring sticking under controlled test conditions. Its performance reputation is based upon practical field experience involving the continual development and improvement of the lubricant additive system in high performance motorcycle racing engines.
