

## PETROL INJECTOR **CLEANER**

Hi-Tec Petrol Injector Cleaner cleans fuel injectors, carburettors, ports, valves and combustion chambers by dissolving gums, waxes and carbonaceous deposits.

Hi-Tec Petrol Injector Cleaner helps restore the engine's original power and protects the engine against corrosion.

### SPECIFICATIONS

Product Code	HI14-PIC-300
Characteristics	<ul style="list-style-type: none"> <li>Premium fuel injector and carburettor system cleaner</li> <li>One bottle treats up to 80 litres</li> </ul>
Product Sizes	300ml

## DIESEL FUEL **CONDITIONER**

Hi-Tec Diesel Fuel Conditioner is a premium multifunctional diesel fuel cleaner and performance booster, formulated to clean and lubricate diesel fuel systems, including common rail and direct injection systems.

Hi-Tec Diesel Fuel Conditioner employs corrosion inhibitors and detergents to help repair existing and prevent future damage to injectors from corrosion, deposits and algal growth.

### SPECIFICATIONS

Product Code	HI14-DFC-300
Characteristics	<ul style="list-style-type: none"> <li>Premium multifunctional diesel fuel system cleaner</li> <li>One bottle treats up to 80 litres</li> </ul>
Product Sizes	300ml

## ENGINE **FLUSH**

Hi-Tec Engine Flush is designed to dissolve and remove the build up of sludge, dirt, varnish and other contaminants within the engine's lubrication system.

Hi-Tec Engine Flush will help to free sticky valves and hydraulic lifters, and clean clogged oil screens, thereby permitting the engine oil to circulate freely through all parts of the engine.

### SPECIFICATIONS

Product Code	HI14-EF-300
Characteristics	<ul style="list-style-type: none"> <li>Recommended for petrol and diesel engines</li> <li>One bottle treats up to 5 litres</li> </ul>
Product Sizes	300ml

## RADIATOR **FLUSH**

Hi-Tec Radiator Flush is an environmentally safe and biodegradable cooling system rejuvenator that removes rust, scale, dirt and debris from radiators, water pumps, water jackets, engine blocks and, cylinder heads.

Hi-Tec Radiator Flush is a non acidic, non toxic cleaner safe for all systems and is safe on joints, rubbers, seals and gaskets. It is suitable for cars, trucks, tractors and wherever radiator flushing is required.

### SPECIFICATIONS

Product Code	HI14-RF-300
Characteristics	<ul style="list-style-type: none"> <li>Environmentally safe cooling system rejuvenator</li> <li>Treats one standard automotive radiator</li> </ul>
Product Sizes	300ml

## RADIATOR **TREATMENT**

Hi-Tec Radiator Treatment is a corrosion inhibitor designed to be used in the cooling systems of most types of water cooled internal combustion engines. It is specially formulated to inhibit the development of rust and scale and forms a protective film that lubricates water pump seals and prevents frictional wear.

Hi-Tec Radiator Treatment improves heat dissipation and helps to prevent coolant overheating and boiling. It mixes with all types of antifreeze and contains no acids, thus it is safe for all cooling system metal parts and hoses.

### SPECIFICATIONS

Product Code	HI14-RT-300
Characteristics	<ul style="list-style-type: none"> <li>Radiator Treatment is safe to use with most coolants</li> <li>One bottle treats up to 15 litres</li> </ul>
Product Sizes	300ml
