

PRODUCT DATA SHEET

CITRA SOLV

PRODUCT DESCRIPTION

Hi-Tec Citra Solv is a high quality cleaning fluid with clear yellow colour and a strong orange/citrus aroma. It will produce a 'flash' white emulsion when mixed with water.

DIRECTIONS FOR USE

- Hard Surfaces

Most hard surfaces applications will simply require wiping, followed by water spraying and rinsing. Some applications might require surface agitation prior to rinsing.

- Non-atomising

Spray the surface to be cleaned, allow a few minutes working time, followed by pressure rinsing with water. Agitation is only required in the severest soilage.

- Carpet Applications

Carpet applications will only need a light spray, followed by "wet towelled" or water extraction rinsed to remove residue. Heavy grease stains may require "working" with your fingers to allow penetration. For heavy applications, double rinse with hot water. Please note that most carpet stains reoccur because of poor rinsing.

Please take note to prevent the product from entering waterways.

SAFETY DIRECTIONS

Hi-Tec Citra Solv is classified as Dangerous Goods according to the criteria of the Australian Dangerous Goods Code with the following risk phrases:

- Harmful if swallowed
- Causes eye/skin irritation
- Vapour is irritating to mucous membranes and respiratory tract

Available in: 20 Litres
