PRODUCT DATA SHEET

PETROL INJECTOR CLEANER

PRODUCT DESCRIPTION

Petrol Injector Cleaner is a powerful chemical cleaner specifically designed to dissolve carbonaceous deposits, gums and waxes and to clean fuel injectors, carburettors, ports, valves and combustion chambers. **Petrol Injector Cleaner** contains special cleaning agents and corrosion inhibitors that act to clean fuel injectors and protect engines against corrosion, thus restoring the original power and ensuring smooth running.

Low quality fuel and the presence of moisture lead to the formation of carbonaceous deposits within the engine combustion chamber, fuel injectors and inlet valves. These deposits cause the injectors to clog up and corrode - resulting in poor atomization of fuel, engine starting problems and poor running which in turn affect engine performance and fuel efficiency.

The **Petrol Injector Cleaner** contains light fuel fractions, making it suitable for use in both leaded and unleaded fuel tanks.

The **Petrol Injector Cleaner** also contains additives that emulsify moisture in fuel tanks, neutralize acidic compounds and reduce environmentally hazardous emissions, the result of these actions being improved fuel combustion.

DIRECTIONS FOR USE

One 300mL bottle is designed to treat up to 80 litres of fuel. For best results, add the **Petrol Injector Cleaner** to the tank before fuel addition. The turbulence from the incoming fuel ensures good distribution of the injector cleaner throughout the tank. Treatment of fuel with **Petrol Injector Cleaner** every service ensures continuity in improved fuel efficiency and performance.

HEALTH AND SAFETY

Combustible liquid: Do not use near fire or open flames. Store in a cool place and out of direct sunlight.

Available in: Bulk, 20 Litres and 300 mL

"Hi-Tec Oil Traders Pty Ltd (Hi-Tec Oils) has endeavoured to ensure that all information, representations and specifications contained in this product data sheet are accurate at the time of publication. This general information should be used in conjunction with appropriate inquiries by users of the product including consultation with the vehicle or equipment manufacturers published information.

It is the responsibility of users of the product to use the product safely. Users should consult the safety data sheets for each product at www.hi-tecoils.com.au. Hi-Tec Oils takes no responsibility for injury or damage if the product is used in an inappropriate or unsafe manner.
