

PRODUCT DATA SHEET

SEMI SYN 10W/40 SN/CF

PRODUCT DESCRIPTION

Semi Syn 10W/40 SN/CF is a premium quality API SN/CF engine oil. It is suitable for most types of petrol, diesel, and LPG four stroke engines under both severe and varied operating conditions. It is ideal for use in the professional workshop. The premium base oils help reduce engine oil oxidation, giving more protection from piston deposits compared to standard SN engine oils. Engine cleanliness is also promoted by the increased level of dispersants in **Semi Syn 10W/40 SN/CF**. Special additives inhibit the formation of sludge especially under the constant cold temperature operation of urban motoring.

Semi Syn 10W/40 SN/CF is excellent for cold starting as it has good fluidity characteristics and provides increased engine life, due to the decrease wear rates for both cams and bearings compared to less advanced oils. The high temperature performance of **Semi Syn 10W/40 SN/CF** is also enhanced by the selection of more thermally stable base oils, oxidation inhibitors, viscosity improvers and detergents.

Semi Syn 10W/40 SN/CF is suitable for use in both low temperature stop-and-go driving, high speed high temperature motorway driving and engines with small clearances.

BENEFITS

- Improved oxidation resistance
- Protection from piston deposits
- Better wear protection
- Fast flow at cold temperature start up
- Protection at high temperatures

SPECIFICATIONS

Semi Syn 10W/40 SN/CF meets or exceeds the following demanding performance requirements:

API: SN, SM, SL, SJ, SH,CF, CD

Always consult your vehicle owner's manual for the manufacturer's recommendations.

TYPICAL PROPERTIES

Property	ASTM Method	Typical Results
Density (kg/Lt) @ 15°C	D-1298	0.864
Viscosity (cSt) @ 100°C	D-445	14.2
@ 40°C	D-445	93.3
Viscosity Index	D-2270	157
Flash Point; COC (°C)	D-92	219
Pour Point (°C)	D-97	-33
CCS @ -25°C (cP)	D-5293	6820

Available in: Bulk, 200 Litres, 60 Litres, 20 Litres, 10 Litres, 6 Litres, 5 Litres and 1 Litre
